Memorandum

TO: BATA Oversight Committee

DATE: October 28, 2009

FR: Executive Director

RE: Regional Measure 1 (RM 1) and Toll Bridge Seismic Retrofit Program (SRP) Progress Report

The Toll Bridge Program Progress Report for October 2009 will not be ready in time for the early BATA Oversight Committee meeting on November 4, 2009. The report will be issued after the meeting and will be forwarded to the committee when complete. As with previous reports, the report will be available electronically to the public on MTC's website.

Any major actions on the RM 1 and SRP projects will be verbally reported to the Committee at its November 4, 2009 meeting. Also, Caltrans plans to make a short presentation on recent work on the failed eye-bar on the existing east span of the San Francisco-Oakland Bay Bridge that was postponed from the October committee meeting.
